Why choose Isotonix Multivitamin®?

A good quality vitamin and mineral supplement creates a sound micronutrient foundation to accompany a balanced diet. Vitamins and minerals help to support a healthy immune system, promote the conversion of food into energy, support a healthy cardiovascular system, support strong bones, promote mental clarity, maintain normal metabolic functioning, promote healthy growth and repair of tissues, help maintain normal blood pressure and help maintain water and electrolyte balance in the body. There is no substitute for a healthy, well-balanced diet; however, in today's fast-paced lifestyles, it is important to ensure the body is getting the fuel it needs.

Isotonix Multivitamin is an isotonic-capable food supplement containing 100 percent or more of the daily value of many essential vitamins and minerals. There are wide varieties of vitamin and mineral supplements on the market today. Only Isotonix Multivitamin contains a unique blend of complementary vitamins and minerals with the superior delivery of Isotonix. Isotonix Multivitamin supplements dietary deficiencies and helps maintain normal metabolic functioning. Isotonix Multivitamin is a great supplement choice for all adults, and especially for athletes, growing teenagers and pre-menopausal women. This product should be taken daily in addition to your dietary regimen. Multivitamin will establish a sound micronutrient foundation.

The Isotonix Advantage!

Isotonix dietary supplements are delivered in an isotonic solution. This means that the body has less work to do in obtaining maximum absorption. Isotonic products allow nutrients to pass directly into the small intestine and be rapidly absorbed into the bloodstream. With Isotonix, little nutritive value is lost, making the absorption of nutrients highly efficient while delivering maximum results.

Isotonix products also offer the fastest and most efficient delivery system of all nutraceuticals supplements and are formulated using only the most advanced and scientifically proven ingredients. Isotonix products are completely free of binders and fillers common in traditional tablet and capsule products so you know that you are getting only the quality ingredients you expect.
