FAQ'S

What brushes are included in Motives 8-Piece Deluxe Brush Set?

Powder Brush – a circular brush for application and blending of powders to create soft layers or add texture to the face
Flat-Top Foundation Brush – a round, flat-top brush for application of emollients, creams and foundations
Contour Brush – an angled brush with a buffed edge for application of powder to highlight and contour the face
Eye Shadow Brush – an oval brush for application of powder and creams to the eyelid
Crease Brush – a tapered brush to blend colors on the lid or add definition to the crease
Angled Liner Brush – a flat brush with angled tip for precision lining, shading and shaping the eye or brow
Lip Brush – a small, firm brush for lining and filling in color to the lips
Spoolie – a tapered, nylon brush for shaping the brows or fluffing the lashes

How do I clean the brushes in Motives 8-Piece Deluxe Brush Set?

For brushes made with a blend of hair and synthetic fibers, spray brush cleaner on a hand towel or paper towel, and swirl brushes until clean. For synthetic brushes, swirl brush in plain bar soap and rinse with water. Lay brushes flat to dry to protect the bristles from shedding and prevent water from draining into the handle.
