Why choose Isotonix Vitamin C?

Fuel your immunity with the world's most popular vitamin – vitamin C! Vitamin C is an antioxidant and plays a significant role in a variety of metabolic functions. It strengthens the immune system, and helps in the synthesis of bones, cartilage, teeth and gums. It also helps with skin and eye health. Only Isotonix offers vitamin C using isotonic delivery, providing maximum nutrient absorption.

The two most important factors when searching for quality nutritional supplements are potency and absorption. Our Isotonix Vitamin C sets itself apart from other products on the market by providing you with the maximum nutrient absorption in the shortest amount of time via our patented Isotonix delivery system. The liquid composition of Isotonix Vitamin C places vitamins and minerals like vitamin C in an optimal position for absorption, ensuring a superior delivery to the body's systems to support a healthy immune system and provide antioxidant protection to the body. All in all, Isotonix Vitamin C provides superior delivery of the nutrients your body needs in the most cost effective way. Isotonix Vitamin C is an effective product that leaves you with peace of mind, knowing that you are doing the most and the best for your health.

The Isotonix Advantage!

Isotonix dietary supplements are delivered in an isotonic solution. This means that the body has less work to do in obtaining maximum absorption. Isotonic products allow nutrients to pass directly into the small intestine and be rapidly absorbed into the bloodstream. With Isotonix, little nutritive value is lost, making the absorption of nutrients highly efficient while delivering maximum results.

Isotonix products also offer the fastest and most efficient delivery system of all nutraceutical supplements and are formulated using only the most advanced and scientifically proven ingredients. Isotonix products are completely free of binders and fillers common in traditional tablet and capsule products so you know that you are getting only the quality ingredients you expect.
