### Why choose Isotonix Multivitamin?

Isotonix Multivitamin is a complete multivitamin and multimineral supplement suitable for both adults and children! Isotonix Multivitamin is an isotonic-capable food supplement with the superior delivery of Isotonix, containing 100 percent or more of the recommended daily allowances (RDA) of most vitamins and minerals. Isotonix Multivitamin provides a total of 22 vitamins and minerals for the family. Vitamins and minerals help to supplement dietary deficiencies, support a healthy immune system, promote the conversion of food into energy, support a healthy cardiovascular system, support strong bones, promote mental clarity, maintain normal metabolic functioning, promote healthy growth and repair of tissues, normal vision, and nervous system. There is no substitute for a healthy, well-balanced diet; however, in today's fast-paced lifestyles, it is important to ensure the body gets the fuel it needs. Isotonix Multivitamin is a great supplement choice for all adults and children, and especially for athletes, growing teenagers and pre-menopausal women.

### The Isotonix Advantage!

Isotonix dietary supplements are delivered in an isotonic solution. This means that the body has less work to do in obtaining maximum absorption. Isotonic products allow nutrients to pass directly into the small intestine and be rapidly absorbed into the bloodstream. With Isotonix, little nutritive value is lost, making the absorption of nutrients highly efficient while delivering maximum results.

Isotonix products also offer the fastest and most efficient delivery system of all nutraceutical supplements and are formulated using only the most advanced and scientifically proven ingredients. Isotonix products are completely free of binders and fillers common in traditional tablet and capsule products so you know that you are getting only the quality ingredients you expect.
