PRODUCT SKU: 13158 | 30 SERVINGS

## Why Choose MPC Maximum Prostate Care?

With its unique formula of natural ingredients, MPC Maximum Prostate Care was created for the maximum health and protection of your prostate, necessary for maintaining overall health, sexual function and quality of life. While other products utilize one or two natural ingredients, MPC Maximum Prostate Care's proprietary blend of ingredients – zinc, selenium, saw Palmetto pygeum and others – work together to provide maximum benefits for not only your prostate, but areas of health related to optimum prostate function.

## How does MPC Maximum Prostate Care work?

MPC Maximum Prostate Care is composed of nine potent herbs and two select nutrients that when combined work together synergistically to promote a healthy prostate. Each ingredient alone is beneficial to promoting overall well being, but in order to promote the health of the prostate, they must be taken together in the right quantities.\*

## Is MPC only for older men?

No. MPC Maximum Prostate Care is designed for men of all ages. While poor prostate health is rare in younger men, young men should be concerned with proper prostate care. Men should take care of their prostate when they are younger to help maintain prostate health in the future.

## How many men are affected by an enlarged prostate?

In the United States, forty percent of the male population over the age of 40 suffers from an enlarged prostate gland. It is estimated that 50 percent of American men over the age of 40 are afflicted with an enlarged prostate gland. The figure nearly doubles to 80 percent for men who are over the age of 80.

## How do I take MPC Maximum Prostate Care?

As a dietary supplement, take two tablets daily with plenty of water; best when taken 30 minutes before the morning meal.
