PRODUCT SKU: 13600NM | 30 SERVINGS

## Why Choose nutraMetrix Heart Health Advanced Co-Q10?

To enhance your cardiovascular health, add nutraMetrix Heart Health Advanced Co-Q10 to your supplement routine. With a blend of CoQSol-CF, a unique, patent-pending formula of CoQ10, food grade d-limonene (which ensures greater absorption), and vitamin E this combination creates a liquid, crystal-free solution of CoQ10 that provides enhanced bioavailability. nutraMetrix Heart Health Advanced Co-Q10 helps maintain normal blood pressure, healthy cholesterol levels, provides antioxidant protection and promotes cellular energy production.

## Key Benefits of nutraMetrix Heart Health Advanced Co-Q10:

- Aids in supplying the biochemical spark that creates cellular energy
- Facilitates generation of about 95 percent of the total energy required by the body
- Facilitates respiratory energy production in heart cells
- Helps maintain normal blood pressure
- Promotes cell energy production
- Assists in the production of body heat
- Helps promote normal effective weight loss
- Helps enhance exercise performance
- Enhances the immune system
- Promotes an improved resting heart function
- Helps promote periodontal health
- Helps maintain healthy blood sugar levels
- Helps maintain cholesterol concentrations in the body
- Aids in preserving vitamin E levels in cell membranes
- Helps protect the reliability of the mitochondrial membrane

## Directions For Use:

Take one softgel per day.

## Warning:

If you are currently using prescription drugs, have an ongoing medical condition, or if you are pregnant or breastfeeding, consult your healthcare provider before using this product.
