Why Choose the Prime Advantage Anti-Aging Kit?

Keeping your body healthy and strong as you age is a full-time job. That's why the Prime Advantage Anti-Aging Kit was created for active adults striving to look and feel young. This kit combines three essential anti-aging supplements – Ultra Prime Secretagogue - HGH Enhancer; Prime™ Joint Support Formula by Isotonix®; and Prime™ Ultimate Longevity Formula by Isotonix® – that work synergistically to help you stay active, stay strong and stay healthy, allowing you to keep doing the things you love.*

The story behind aging starts with hormones; we age because the body's hormone production declines. HGH is the body's master hormone, involved in most every function in the body – bone density, muscle mass, body fat, exercise capacity, sex drive and more. Prime Secretagogue — HGH Enhancer helps increase strength and energy by promoting the normal production of HGH, or human growth hormone.

Once you've helped your body stimulate the production of HGH, it's important to take care of the peripheries – those things that help ensure you have a positive quality of life. To ensure you're moving smoothly so you can continue doing the things you enjoy, Prime™ Joint Support Formula is uniquely formulated with glucosamine, Pycnogenol® and hyaluronic acid to support relief from temporary inflammation associated with the normal aging process. Finally, with Prime™ Ultimate Longevity Formula, active adults can maintain both an alert mind and active body thanks to its effective formula, which includes huperzine A for improving and enhancing memory and cognitive function, and branched chain amino acids to promote muscle retention.

Who should purchase the Prime Advantage Anti-Aging Kit?

The Prime Advantage Anti-Aging Kit was created specifically for active adults striving to look and feel young, as it combines three essential anti-aging supplements – Prime™ Secretagogue - HGH Enhancer, Prime™ Joint Support Formula and Prime™ Ultimate Longevity Formula. However, anyone who is looking for ways to improve their health through anti-aging supplementation could take the products included in the Prime Advantage Anti-Aging Kit.
