Isotonix®

The world's most advanced nutraceuticals

SUPPORTS NORMAL
HEALING PROCESS

OPTIMAL CELL HEALTH

NORMAL TISSUE AND
RECOVERY REPAIR PROCESS

PRODUCT SKU: 13986 | 30 SERVINGS

Why Choose Isotonix Bromelain Plus?

Even though there are several bromelain products on the market, only Isotonix Bromelain Plus delivers a powerful package of bromelain and white willow bark to promote the body's ability to heal itself on a cellular and muscular level. In addition, Isotonix Bromelain Plus is the only bromelain product on the market available in an isotonic delivery form.

Who should take Isotonix Bromelain Plus?

Isotonix Bromelain Plus is formulated for everyone, every day. Its unique combination of benefits – supporting the body's normal ability to repair itself, promoting the body's normal healing process, promoting optimal cell health and more – make it ideally suited for adults looking to keep their bodies healthy and to help support the body's ability to deal with the wear and tear of everyday life.*

How does bromelain work to support cell health?

Some cells in the body “disguise” themselves from the immune system by using a protein layering as a shield. Protease enzymes like bromelain help support your immune system in detecting these cells. These enzymes help support your body's ability to engage in a so-called “cellular house cleaning” important to the maintenance of cellular health.*

Where does bromelain come from?

Bromelain is found in every part of the pineapple, although it is most plentiful in the stem. Most commercially-grown pineapple is sliced, canned or juiced. The remains are rich with this substance, which is then extracted. Originally used as a meat tenderizer because of its ability to break down proteins, research now shows that powdered bromelain promotes health.*
