PRODUCT SKU: 6496 | 30 PACKETS

Why Choose Isotonix Daily Essential Packets?

There's nothing more important than taking care of yourself on a daily basis. With the Isotonix Daily Essentials Packets, you can be sure that you're giving your body the essential vitamins, minerals and nutrients it needs, thanks to four essential supplements – Isotonix OPC-3, Isotonix Multivitamin, Isotonix Activated B-Complex and Isotonix Calcium Plus – in one, convenient serving to promote long-term health and optimal nutrition. Plus, by purchasing the Isotonix Daily Essentials Packets instead of buying a 30-day supply of these products individually, you save \$28.80!

What is included in each packet of the Isotonix Daily Essentials Packets?

Each packet contains one capful each of Isotonix OPC-3, Isotonix Multivitamin, Isotonix Activated B-Complex, and Isotonix Calcium Plus.

Why are Isotonix supplements better than standard supplements?

Isotonix formulas are more effective than standard supplement formulas because they offer the best way to get the maximum delivery of vitamins and minerals into the bloodstream. Isotonix formulas are also the fastest and most effective way to receive vitamins, minerals and nutrients. The stomach has very little work to do because the pH and tonicity are carefully designed to allow the stomach to quickly release all the nutrients into the small intestine. With the Isotonix formulas, this process takes about five minutes, whereas a standard vitamin tablet can take up to four hours.

Why do I need to take a multivitamin?

A good quality vitamin and mineral supplement creates a sound micronutrient foundation to accompany a balanced diet. Vitamins and minerals help to support a healthy immune system, promote the conversion of food into energy, support a healthy cardiovascular system, support strong bones, promote mental clarity, maintain normal metabolic functioning, promote healthy growth and repair of tissues, help maintain normal blood pressure, and help maintain water and electrolyte balance in the body.
