Why Choose nutraMetrix Prime Feminene Female Support Formula?

Menopause and premenstrual syndrome (PMS) can result in hot flashes, night sweats, fatigue, mood swings, physical and mental discomfort. nutraMetrix Prime Feminene Female Support Formula can help reduce these and other symptoms of menopause and PMS thanks to a combination of three unique ingredients: Lifenol®, maca root and chaste berry extract. nutraMetrix Prime Feminene is scientifically formulated to help women maintain a healthy, normal hormonal balance.

What is Lifenol®?

Lifenol is patented extract from hops cones that has been shown in numerous clinical studies to significantly reduce the instances of hot flashes and improve the quality of life in menopausal women. In studies, women who supplemented with hops extract showed decreases in total menopausal discomforts, including a decrease in the number of hot flashes and night sweats.

Key Benefits of nutraMetrix Prime Feminene Female Support Formula:

- Helps to reduce hot flashes and night sweats associated with menopause
- Helps stabilize mood
- May help maintain normal hormone balance
- Helps alleviate mild symptoms commonly associated with menopause
- Helps counteract mild effects of PMS
- Helps maintain optimal female health

Directions for use:

As a dietary supplement, take 1 capsule daily or as directed by your healthcare provider.

Warning:

If you are currently using prescription drugs, have an ongoing medical condition, or if you are pregnant or breastfeeding, consult your healthcare provider before using this product. If you are allergic to any of the ingredients listed, you should not take this product.
