VITA SHIELD®
Cellular Repair Therapy

BENEFITS

FAQ'S

BENEFITS

- Designed to defend against and minimize the appearance of the visible effects of stress, fatigue and aging
- Our formulation supports and enhances the delicate skin surrounding the eyes
- This breakthrough topical treatment supports the process that stimulates firm, smooth, evenly colored and visually superior skin
- Regular use can have a profound effect on your skin, and help minimize the appearance of fine lines, wrinkles, puffy skin and dark circles
- Provides a microscopic film that firms and protects the delicate tissues surrounding the eyes

FAQ'S

How do I use VitaShield Intensive Eye Firming Treatment?

Apply morning and evening after application of VitaShield Vitamin C & E Intensive Moisturizer. Simply scoop a small amount onto the spatula and swipe under the eye. Using your ring finger, lightly pat the treatment into an even layer. Allow product to fully absorb before applying your cosmetic products.

Why is there a small spatula included?

The included spatula is a tool designed to ensure you only scoop a small amount out of the jar, thereby creating less product waste.

Will I see results immediately?

The tightening properties of cucumber extract will instantly reduce the appearance of puffiness and dark, under-eye circles. Continuous use is recommended to help support normal collagen levels which lessen the appearance of fine lines and wrinkles.

Will this product reduce the appearance of fine lines and wrinkles?

Yes, this product is formulated with vitamins and coenzyme Q10, which make fine lines and wrinkles appear less visible.
