FAQ'S

Why should I use Motives Mineral Pressed Blush?

Motives Mineral Pressed Blush contains natural minerals and oils that minimize the appearance of lines to give you radiant, younger-looking skin. The natural ingredients make mineral blush safe to use on cheeks, lips and eyes, leaving you with endless possibilities to coordinate your look and add drama for any occasion.

Can I use Motives Mineral Pressed Blush after a chemical peel?

Always consult your doctor to make sure it is safe for you to resume using makeup after a chemical peel. It is recommended that you use new applicators for your makeup after a chemical peel to reduce the risk of irritation.

Is Motives Mineral Pressed Blush safe to use on other areas of the face?

Yes. Applying Motives Mineral Pressed Blush to the lips is a great way to coordinate your cheek and lip colors, leaving you the ability to play up the eyes for contrast.

What is the texture of mineral blush powder?

Motives Mineral Pressed Blush has a very smooth and silky texture. Made with natural minerals, Motives Mineral Pressed Blush is lightweight and does not feel heavy on the skin. The lightweight texture gives you naturally flushed cheeks but can be layered for a striking effect.
