- Mineral formula provides sheer, buildable coverage that glides on easily
- Helps to retain and lock in moisture to condition for lips
- Infused with antioxidants to protect and nourish the lips
- Helps keep your lips moisturized, looking smoother and firmer
- Leaves lips feeling soft, smooth and supple

### FAQ'S

**How do I apply Motives for La La Mineral Lipstick?**

Gather Motives for La La Lip Mineral Lipstick on a lip brush and begin by lining the lips. After lining is complete, fill in the rest with a lip brush or lipstick tube. Now your look is flawless and complete!

**Why should I use Motives for La La Mineral Lipstick?**

Motives for La La Mineral Lipstick will enhance your natural lip color. Motives for La La Mineral Lipstick utilizes natural minerals, extracts, and vitamin E to moisturize and protect your lips throughout the day.

**Can I use Motives for La La Mineral Lipstick with non-mineral products?**

You may use Motives for La La Lip Mineral Lipstick with non-mineral products, although we recommend using it with other mineral products from both the Motives for La La and Ambition – the Motives Mineral Collection product lines.

**Can I use Motives for La La Mineral Lipstick after plastic surgery?**

Make sure to check with your physician before you start to use makeup again, and always wait to apply makeup until your incisions have healed. It is recommended that you use new applicators for your makeup after any surgical procedure to reduce the risk of irritation.
