Why select Snap Dishwashing Liquid?

Snap Dishwashing Liquid is a superior cleaning formula that cuts through grease and grime, leaving your dishes sparkling clean. Snap Dishwashing Liquid is formulated with aloe vera gel to pamper your hands while cutting through even the toughest mess. It is safe for all your pots and pans, fine china, everyday china and wine glasses. Snap Dishwashing Liquid can also be used as liquid hand soap. It is an environmentally friendly dishwashing solution with biodegradable, nontoxic, phosphate-free and plant-based surfactants and essential oils. Make dishwashing a snap with Snap Dishwashing Liquid.

Is this product suitable for people with sensitive skin?

This product is a very mild product. Do start using the product with a smaller amount to test on the skin sensitivity.
