Why choose Isotonix Daily Essentials Kit?

Isotonix Daily Essentials Kit includes one Isotonix Advanced B-Complex, one Isotonix Multivitamin Without Iron, one Isotonix OPC-3 and Isotonix Calcium Plus. This kit provides the body with essential antioxidants, vitamins, minerals and other nutrients to support health and optimal nutrition.

Does Isotonix Daily Essentials Kit contain pork or pork products?

No.

Why choose Isotonix OPC-3?

Isotonix OPC-3 is an isotonic-capable food supplement that is made from a combination of bilberry, grape seed, red wine, pine bark extracts and citrus bioflavonoid complex, all found to contain antioxidants. Oligomeric proanthocyanidins (OPCs) are bioflavonoids (complex organic plant compounds) found in fruits, vegetables and certain tree barks that provide nutritional benefits to the human body. Studies have shown OPCs may have antioxidant property. Isotonix OPC-3 is an isotonic product that contains Pycnogenol®. Pycnogenol is a natural plant extract from the bark of the French maritime pine tree.

Why should I take calcium?

Everyone needs calcium. It may be difficult to ensure adequate intake of calcium in their daily diet. Calcium is helpful in supporting and maintaining bone health. It's important in the activity of many bodily enzymes, and it aids in the contraction of skeletal and cardiac muscle. Taking a calcium supplement is key to maintaining strong bones if you do not consume sufficient calcium in your daily diet.

Why are B vitamins so important in the ageing process?

The ability to absorb B-vitamins may decrease with age, vitamin B can help to support energy level.
