Why Choose Snap Fabric Softener?

Pour some Snap Fabric Softener into every dryer load to freshen up clothes and leave them soft to the touch. Featuring anti-static properties, this laundry softener reduces static cling on clothes and carpet. The hypoallergenic fabric softener also deodorizes without adding heavy scents, making it perfect for removing odors from your gym bag, shoes, clothes, carpet and more. Rest easy knowing that this product is environmentally friendly, featuring plant-based, biodegradable ingredients. Keep a container of this product in your home to make freshening up a breeze.

How do you use Snap Fabric Softener?

One to two shakes per dryer load is all that is needed to leave your clothes fresh and amazingly soft. Snap Fabric Softener can also be used to freshen up hampers, gym bags, smelly shoes and pet bedding. Sprinkle on the carpet to deodorized and remove static.
