FAQ'S

What is Fixx Instant Line Vanish? Fixx Instant Line Vanish is a serum that instantly reduces the appearance of wrinkles.

Why should I use Fixx Instant Line Vanish? Fixx Instant Line Vanish should be used for instantly firmer, tighter-looking skin. It decreases the look of puffiness associated with dark circles and under-eye bags, and unwanted facial contours and wrinkles.

Who should use Fixx Instant Line Vanish? Fixx Instant Line Vanish should be used by anyone concerned with dull, uneven, aged skin. Fixx Instant Line Vanish works to smooth skin, reduce the appearance of wrinkles and give skin a rejuvenated appearance.

How do I use Fixx Instant Line Vanish? After cleansing and toning skin, use Fixx Instant Line Vanish around the eyes and on the face. Apply to the eye area by gently patting the serum under and around the eye, using the ring finger. When applying to the face, use circular upward motions for an instantly lifted look. Fixx Instant Line Vanish should be implemented into your daily routine, both morning and at night.

What are the side effects of Fixx Instant Line Vanish? Formulated for most skin types and clinically tested, Fixx Instant Line Vanish has no known side effects.
