- Paraben free

## FAQ'S

How is Motives Liquid Pout Plumper different than a lip shine?

This product, while also a lip shine, is designed to instantly plump the appearance of lips throughout wear. As it is a lip shine, reapplication is necessary every few hours or after eating and drinking.

How do I apply Motives Liquid Pout Plumper?

This product includes a doe foot applicator for easy, effortless application. Simply gather lip shine on the applicator and line your lips. Fill in lips with the remaining product on the applicator.

I have really thin lips. How much of a difference will it make?

Motives Liquid Pout Plumper is formulated to make a subtle difference. This product will not make your lips look surgically or chemically altered, but will give the appearance of a slightly plumper mouth.

How long does the plumping effect last?

Lips will appear full and supple for a couple of hours. One application of the Motives Liquid Pout Plumper will not transform your lips permanently, but it will give you a great short-term look for a party or a date.

Is Motives Liquid Pout Plumper animal-tested?

Motives does not conduct or commission animal testing of any finished product.
