

PRODUCTS THAT SUPPORT HEALTHY BLOOD FLOW AND CIRCULATION

GET YOUR BLOOD FLOWING AGAIN WITH THE VASCULAR DETOX COMBO

How do we keep our blood healthy?

- Eat heart-healthy foods high in antioxidants.
- Don't forget the cruciferous vegetables and berries.
- Drink plenty of water.
- Exercise and get a good night's sleep.
- Additional support through supplementation may include Isotonix OPC-3® and Curcumin Extreme™.

Benefits of Isotonix OPC-3* (made from a combination of bilberry, grape seed, red wine, pine bark extracts such as Pycnogenol and citrus extract bioflavonoids): Research suggests they have antioxidant properties which have been linked with healthy circulation and vascular integrity.

- Helps maintain healthy circulation by strengthening capillaries, arteries and veins.
- Supports healthy platelet activity.
- Promotes healthy blood vessel dilation.
- Promotes healthy nitric oxide levels.
- Helps promote cardiovascular health.
- Helps maintain healthy cholesterol levels.
- Helps promote healthy blood flow velocity.
- Helps maintain healthy levels of C-reactive protein.

Benefits of Curcumin Extreme* (a combination of Curcugreen, broccoli seed extract and selenium): Studies suggest that curcuminoids may promote a significant response to neutralize oxidative stress, which is a primary concern in healthy cardiovascular function.

- Supports healthy platelet activity.
- Helps maintain healthy blood protein activity.
- Promotes normal activity of NF-kappaB, TNF and VEGF.
- Supports healthy cyclooxygenase, prostaglandin and leukotriene metabolism.
- Helps support blood vessel integrity from the effects of free radicals.
