### VITAMIN A

Helps promote healthy night vision.

### LUTEIN AND ZEAXANTHIN

These antioxidants help combat oxidative stress and build macular pigment density.

Helps filter out blue light, protecting photoreceptor cells in the retina from light damage.

### BILBERRY EXTRACT

Supports night vision and eases eye strain, helps nourish eye tissue and supports healthy eye circulation.

### EYEBRIGHT

Promotes healthy eyelids and helps with occasional eye fatigue.

### QUERCETIN

A beneficial antioxidant. When taken with vitamin C, it helps strengthen walls of intricate blood vessels in the eye.

### TAURINE

Helps protect eyes against the harmful effects of UV light and stabilizes the membranes in the cone cells of the eye.

### LYCOPENE

May play an important role in keeping vision healthy.

**FUN FACT:** Did you know that the eyesight comparison of a human and an eagle is 20/20 by 20/5, meaning that an eagle can clearly see the same object from 20 feet away that a human can see from 5 feet away.<sup>1</sup>
