

## Heart Health Advanced LipiTrim Ultra

(Cholesterol and Triglyceride Support Formula) contains a unique combination of ingredients:

Heart Health™ Advanced LipiTrim® Ultra formula is a powerful antioxidant that contains 500mg of Capros® (Indian gooseberry), an ingredient that has been used in Aruyvedic health practices for centuries.

†Capros is a patented and standardized extract of Indian gooseberry. Human clinical studies conducted in both India and the United States suggest a positive relationship between consuming the fruit and cardiovascular health for reasons such as the fruit's ability to help maintain normal cholesterol and triglyceride levels.

Our formula also has the benefits of 250mg of prickly pear (*Opuntia ficus-indica*) to help maintain normal cholesterol levels. Prickly pear is also a source of antioxidants.

Prickly pear cactus' antioxidant content makes it a popular part of a healthy diet, especially in its native regions of Mexico. Studies show that prickly pear cactus helps maintain normal cholesterol and blood glucose levels.

The powerful formula also contains a 50% hesperidin from citrus aurantium L. High concentration of hesperidin, like that in the Heart Health Advanced LipiTrim Ultra formula, is a polymethoxylated flavone that supports cardiovascular well-being.

Citrus aurantium L, commonly known as bitter orange, is commonly considered too sour to consume raw. Its fruit, peel and essential oils from its peel are sometimes used in dietary supplements. Hesperidin is a bioflavonoid found in citrus fruits, and early studies suggest that its antioxidant properties may help maintain normal blood glucose levels.

## DID YOU KNOW

Cholesterol is an important part of a healthy body, used for producing cell membranes and hormones. It must be adequately transported to and from the cells by carriers called lipoproteins (LDL and HDL). Maintaining healthy levels of cholesterol is essential to supporting your heart health and adding Heart Health Advanced LipiTrim Ultra to your regimen is a great way to help maintain healthy levels.

†Capros is a registered trademark of Natreon, Inc. and is protected under U.S Patent No. 6,124,268.
